Research Associate

Research Associate - Tepper School of Business-2011553

Job Summary
The Tepper School of Business is home to many programs and research programs that cross disciplines. We approach our work in a collaborative manner, encouraging intellectual curiosity and excitement. Our faculty, students, and staff are committed to excellence in research and education.

We are seeking a skilled and motivated Research Associate. This is an excellent opportunity if you are planning to apply for a Ph.D. in Economics or a related field. You will join a dynamic and collaborative research team. Your work will be supervised by Dr. Matthew Denes, Assistant Professor of Finance, Tepper School of Business.

Core responsibilities will include:

- Obtain and manipulate data from various sources
- Construct and analyze data using statistical software packages
- Assist with the production of working papers and publications

Flexibility, excellence, and passion are vital qualities within Tepper. Inclusion, collaboration, and cultural diversity are essential to our success. We are looking for someone who shares our values and who will support the mission of the university through their work.

You will demonstrate:

- Ability to work with statistics software, such as SAS or Stata
- Familiarity with programming languages, such as Python
- Ability to work independently to solve problems

This is a fixed term position for one year, with the possibility of extending through a second year.

We are targeting a start date no later than June 1, 2019.

Qualifications
Bachelor's degree in finance, economics, statistics, mathematics, computer science or related discipline.
