Proposal Description:

The project deals with the use of legal forms of enterprise in Spain in the period 1880-2000. There are multiple datasets. The student will work with province-level measures of firms and various controls. Most of the data has been entered and cleaned. The student will finish any cleaning and assemble databases for econometric analysis.

The student will then perform some first-round econometric analysis.

Requisite Skills and Qualifications:

Good knowledge of Spanish and stata.
