

Entrepreneurship and Careers

Faculty Member: [Tristan Botelho](#)

~~Entrepreneurship and Careers is a project that is designed to help students gain experience in the field of entrepreneurship and careers. The project is designed to help students gain experience in the field of entrepreneurship and careers. The project is designed to help students gain experience in the field of entrepreneurship and careers.~~

Coursework in statistics/econometrics, a basic knowledge of Stata, attention to detail, ability to work independently and an interest in conducting social science research. Web-scraping and textual analysis skills would be very beneficial.
