

## **Enterprise Law in Spain 1817-2000**

Closed to further applications

**Faculty Member:** [Timothy Guinnane](#)

### **Proposal Description:**

The project deals with the use of legal forms of enterprise in Spain in the period 1880-2000. There are multiple datasets. The student will work with province-level measures of firms and various controls. Most of the data has been entered and cleaned. The student will finish any cleaning and assemble databases for econometric analysis.

### **Requisite Skills and Qualifications:**

The student will then perform some first-round econometric analysis.
