An elective doctoral course covering theoretical and empirical research on financial crises. The first half of the course focuses on general models of financial crises and historical episodes from the nineteenth and twentieth centuries. The second half of the course focuses on the recent financial crisis. Prerequisites: Mgmt 740a and 741b (doctoral students in Economics may substitute the core microeconomics sequence), and permission of the instructor.

Also: Mgmt 746b

Semester offered: Spring
