Senior Seminar: Mathematical Topics

Subject Code (deprecated): MATH
Course Number: 480
Section Number: 01
Description:
A number of mathematical topics are chosen each term—e.g., differential topology, Lie algebras, mathematical methods in physics—and explored in one section of the seminar. Students present several talks on the chosen topic. One section each year is devoted to topics of interest to Economics and Mathematics majors, and is co-taught by a member of the Economics department.

Instructor(s) from Econ Site: Dirk Bergemann
Meeting Pattern (deprecated): MW 2.30-3.45
Term Code: 202101
Preregistration Meetings:
Thursday, December 3, 2020, 4:00-5:30 pm EST
