

Impacts of state regulations of e-cigarettes: flavors and youth access

Closed to further applications

Faculty Member: [Jody Sindelar](#)

This project is eligible for remote work.

Proposal Description:

Impacts of state regulations of e-cigarettes: flavors and youth access. This project is currently gathering data on 4000 observations on smokers and vapers in the US to use in a quasi-experimental study of state level flavor bans and minimum age sales regulations on vaping and smoking

Requisite Skills and Qualifications:

Ability to conduct literature reviews and document key studies, help with references, editing drafts of grants and papers, and programming and analyses of data collected.

Award: Josh Czaczkes
