

Econ 136b. Econometrics

Published on Department of Economics (<https://economics.yale.edu>)

Econ 136b. Econometrics

Day / time: T/Th 2:30 - 3:45 pm

Course Type: Undergraduate

Course term: Spring

Year: 2017

Instructor(s): [Yuichi Kitamura](#)

Core Course

Continuation of ECON 135 with a focus on econometric theory and practice: problems that arise from the specification, estimation, and interpretation of models of economic behavior. Topics include classical regression and simultaneous equations models; panel data; and limited dependent variables. Recommended for students considering graduate study in economics.

After Econ 135 or Stat 241 and 242.

Undergrad Course Category: Core
Methodology
