Four Electives

Total courses in the major (including math) must sum to 12. If you place out of an introductory course you must take an additional elective.

Typically you’d need four elective courses (named 159 or above), or three electives plus a second econometrics course.

If you place out of introductory micro (and macro), you’d need five (six).

**Course Requirement:** Field Courses
**Econ, Econ & Math, or CompSci & Econ:** Economics
