Graduate Students - What happens to my email account once I graduate?

Your email account will expire one year after graduating, however, Yale ITS does have a grace period to allow students to archive data. For detailed information on all software accounts, visit the following [Student Colaborative help page](#).

Before you leave the University, forward your Yale mail to another address. [Instructions for Gmail here](#).

For directions on how to archive you EliApps/Google Mail, see the [EliApps ITS help page](#). Alternatively, you can visit the [Google help page](#).

Consider creating a Yale Alumni Association email account. More on the [AYA FAQ page](#).
